AMSkier INSURANCE Bright Ideas.

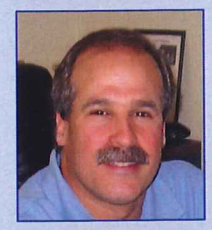

A·M·SKIER PARTNERS, INC.

Unparalleled experience and advice from experienced camp faculty.

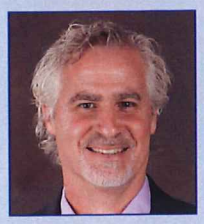

Norman Friedman
Master of Education

Your best friend when an inappropriate behavior issue occurs—intimate or otherwise. Norm's fifty years of caring for other people's children brings a rare and valuable expertise to AMSkier camps. His immediate availability to camp directors has made him a treasured resource and a powerful influence to continue to improve the culture of safety at camp.

Alan Cooper
Esquire

Your almost "on-staff" camp general counsel ready to help with legal advice, ADA compliance review, review of enrollment forms, staff applications, contracts and more. Alan spent fifteen summers of his life at camp as either a camper or counselor, and loved every minute of it. So it was a dream come true to leave the lure of Philadelphia law practice and come to AMSkier and work in the camp industry. He says his job description is simple: "I help chlidren's camps. My job is to help children, and what could be better than that?"

Gary Kimball
M.S.

Your almost "on staff" camp public relations expert to help draft letters to parents, write press releases, prepare statements, and more. Gary brought his corporate and crisis communications background to AMSkier in the 1990s, providing a calm voice and careful guidance when camp directors need it most. The father of six quickly embraced the power of camp and what that means to children, staff and families.

Summer Camp Workshops & Staff Training	Workshops on Inappropriate Intimate Behavior & General Camp Safety by our AMSkier Partners and SAFETYunderwriters – at no cost to our camps.
CampAlert Network	Specialized public relations plus media support before, during and after an emergency.
